

Book Launch: The Black Walrus is now available!

He is the crispy bacon of vengeance that sizzles in the night. He is the defective tanning oil that singses the back fat of evil. And his book just launched!

The Black Walrus, my new middle grade adventure comedy novel, is now available on Amazon. It's a laugh-out-loud adventure for 5th through 9th grade boys, and I couldn't be happier with the way it turned out.

The story stars Alex Portobello, an inventive middle schooler and comic book fan, who gains superhuman intelligence as the result of a strange experiment. Using his homemade inventions, his custom-designed martial art, and his affinity for spandex, Alex dons a costume and wages war on Cremini City's criminals as the costumed hero, the Black Walrus.

But Alex gets more than he bargained for when a mysterious zookeeper begins to deduce his secret identity. And things go from bad to worse when a new foe threatens to turn Cremini City into a criminal empire. Can Alex truly become the Cheeto® dust that stains the fingers of injustice and keep his city from plunging into chaos? You'll have to read the book to find out!

Thank you to my editor, my beta readers, my cover designer, my parents, the RMFW Aurora Critique Group, and everyone at Author YOU for making this book possible.
